

Restoring the Knowledge of the Living God to Cultures that Ignored Him for Millenia!

We are privileged, along with you, to bring the light of the Gospel into countries that may have heard the name of Jesus, but not the Truth of who He is, and always was, and always will be. By bringing a fuller understanding of the name of Jesus, of His nature and His character to those in regions of the world that have been steeped in the darkness of false religions for countless centuries, we are often able to restore the knowledge of the One by Whom all things were created and are now sustained. The Living God created the distant ancestors of the precious souls we serve today, in Muslim, Hindu, Buddhist, communist, and occultic countries. Being deceived, their ancestors traded in the Truth and Light of the True God and were given over to a depraved mind, as we read in Romans, Chapter I.

This is not a pretty picture to talk about, as this deception, leading to depravity and wickedness, has always produced a world filled with selfish ambition, violence, corruption, and every manner of evil - evils that we, and our God, can't even imagine. The depths of ignorance and despair the people of the ancient world fell into, as they tried to create their own gods and force everyone they encountered to follow the "spiritual" paths they had discovered, has left the cultures and peoples of the world in a terrible state of affairs - one in which most people live in relentless poverty, ignorance, and oppression.

The exciting news that we who know the love and compassion of God and His Son, Jesus, can be encouraged by is that we can share the love of the One True God, in the darkest societies around the globe. Those with an ear to hear, an eye to see, and a heart to understand can be delivered from the eternal curse of the death that has been upon their cultures and their religions for generations. By helping to restore them to faith and a relationship with God, their Creator, they can have confidence in the future comfort and glory they will enjoy in the presence of their Father - forever! Life here on earth may still be a trial for them, but they can now withstand the injustices they face with hope of a bright future in eternity, rather than the empty hopelessness they have always endured.

Once again, we thank you for your faithful support and we thank God for each of you, our friends and partners.

Romans 1:25

For they exchanged the truth of God for a lie, and worshiped and served the creature rather than the Creator, who is blessed forever. Amen.
