

# Vision for Women

## BLESSINGS IN INDIA & NEPAL

Our ministry in India has been blessed to find a committed social worker. She is a young woman who has started to counsel the women in the salon and has started teaching the children who drop in occasionally. The children have nowhere to go as their mothers are busy; they spend their day with the staff studying and doing learning activities. Our contacts reported that they are pleased to see a lot of improvement in the children's lives. They are better behaved, healthy and improved in their studies and other extracurricular activities.

The ministry is planning to begin a program helping school dropouts that are in the brothel areas. The ministry will help six students prepare and appear for their board exams. Our contacts are asking for prayer for our parlor staff for unity and opportunity to share the gospel as well as prayer to find more volunteers who have a heart for children and full dedication and commitment to serving the Lord.

Our ministry in Nepal has been able to distribute necessities like rice, lentils, oil, and salt outside the valley in different areas where our contacts have been ministering. So far during the closures we have distributed \$3,000 for aid to Nepal, including \$1,000 for Esther's home. Our contacts reported: "We are so grateful for your love and concern towards the people of Nepal."
